

## Payroll Giving

Thousands of people in workplaces all over the country use Payroll Giving to support their chosen charities. Giving through your pay is TAX FREE and really simple to set up. If you pledge £5 per month to charity and pay tax at 22% (net) it will only cost you £4, and you can donate as little or as much as you like each month.

To start giving donations to COAT please complete the payroll giving form below and give it to your employer. Provided your employer is signed up to an *Approved Payroll Giving Agency* they will be able to deduct the donations from your salary and pass it through the agency to COAT.

Thank you for your support.

Yes, I would like to help, direct from my pay and gain tax relief.

I would like to donate £..... each month from my gross pay.
